SPECIAL ISSUE - DONATION OF BOOKS TO GEOAZUR LIBRARY

This special issue is an invitation to discover Jean François Stéphan's collection of books and maps : more than 230 titles added to the collections of the Géoazur library.

ABOUT JEAN FRANÇOIS STEPHAN (1949-2013)

- Researcher and Teacher specializing in the tectonics and geodynamics of mountain ranges and active underwater structures
- Director of the National Institute of Universe Sciences (INSU) from 2010-2013
